

Essential Steps for Completing the Trial:

- **Scheduling the Call is Compulsory:** After registering at tsugu.life, students receive an SMS with a link. They must open the link, select a date and time, and click "Save" to schedule their call. Simply registering without saving a time slot will not trigger a call.
- **Answering All 13 Questions:** The Storybook is only generated after all 13 questions are answered. A call can run up to 45 minutes. If a student does not finish all questions during their first call, they should schedule another session to continue from where they left off. The Storybook will be sent via SMS once the process is complete.

Troubleshooting SMS Issues:

If a student did not receive the activation SMS due to regulatory filtering:

- Go to <https://tsugu.life>, scroll to the bottom, and click "Haven't received our SMS?".
- Enter the registered phone number and click "Send" to receive a new activation link.

Correct Phone Number Format:

Please make sure to enter the mobile number using the correct country code (e.g., +91 followed by the 10-digit mobile number). Several students incorrectly left the default country code as +1 (United States), preventing the SMS from delivering. Landlines are not supported.
